### **SUMMARY: GREEN MOUNTAIN INSURANCE COMPANY CELEBRATES CENTENNIAL**

Concord, NH – The financial strength and longevity of The Concord Group Insurance Companies was on full display during the Green Mountain Insurance Company’s Centennial celebration held at The Haven Country Club, Boylston MA on June 29, 2016. About 100 of the company’s Massachusetts agents and staff attended the celebration.

Founded in 1916 in Montpelier Vermont by Hugh John Morris Jones, a successful granite business owner, Green Mountain Insurance Company is one of five underwriting companies of The Concord Group and is the flagship underwriting company for Concord Group’s Massachusetts business.

Green Mountain’s Centennial anniversary celebration was led by Concord Group’s Chairman, President and CEO Linda Day, who extended a warm welcome to the company’s independent agents. She said: “We appreciate your commitment to help us grow our Massachusetts personal lines and commercial lines business. Our tremendous growth in commercial lines is the result of great products and easy to use systems. Additional products and new features for existing products will continue to enhance the value of the Concord Group franchise to you.”

Also speaking to the group was Warren McLean, Jr., Senior Vice President and Chief Operating Officer who praised the work of Concord Group’s claims team during the winter storms of 2015. Drawing on Concord Group’s dominate personal lines position in Northern New England, McLean said the Company retained customer satisfaction ratings approximately 98% and encouraged agents to leverage that rating when remarketing clients from other carriers.

Day and McLean, Jr. will continue The Green Mountain Centennial celebration with events planned in Vermont later this year.

Concord Group Insurance Companies is based in Concord, New Hampshire and is fully committed to the independent agency system selling personal and commercial products through 500 independent agency locations in Massachusetts, Maine, New Hampshire and Vermont.
